

THIRD ANNUAL

# swing fore health

GOLF TOURNAMENT

May 2022

Dear Friends,

You are invited to ChapCare's Third Annual Swing Fore Health Golf Tournament!  
We will be teeing off on Monday, August 29, 2022, at picturesque Glendora Country Club.

We are excited to come together once again to raise much-needed funding for ChapCare. Proceeds from this year's tournament will help cover the cost of medical services for over 3,000 financially struggling low-income and uninsured individuals and families. ChapCare continues to treat these patients regardless of their inability to pay, providing over \$1 million in uncompensated care costs annually.

Your participation as an Event Sponsor or Auction Donor will greatly impact thousands of our neighbors' lives. Enclosed is detailed sponsorship information for your review.

Sponsorships and Donations are tax-deductible. This is a meaningful occasion to promote your company and support the most vulnerable residents of our community. Benefits of sponsorship include excellent marketing exposure to 120 distinguished golfers and their guests, networking with peers, and a chance to entertain friends and business associates in a magnificent setting.

The tournament will feature enjoyable activities for everyone—an auction, putting contest, long drive exhibition, raffle, hole-in-one challenge, and much more.

Start practicing your swing for a fun-filled day of golf to support the vital work of ChapCare!

For additional information, please contact ChapCare's Director of Development, Phillip Hain, by phone at: 626.491.0031, or email: [ChapCareGolf@chapcare.org](mailto:ChapCareGolf@chapcare.org).

We greatly appreciate your participation and generous partnership!

Sincerely,

Terre L. Osterkamp, M.D.  
ChapCare

## Our Mission

ChapCare's mission is to provide excellent, comprehensive, and innovative health care that is accessible to all residents of the San Gabriel Valley.

## Who We Are

ChapCare was founded in 1995 by a committed group of community members, city officials, and healthcare agencies that organized to establish primary healthcare services for the poor and uninsured residents of northwest Pasadena.

Prior to that, there were no affordable primary care services conveniently located for low-income residents of the area. In 1995, ChapCare incorporated as an independent 501(c)(3) nonprofit organization. Medical services began in early 1998, and dental services were launched in 2001.

Over the past 24 years, ChapCare has grown from a small grassroots community clinic to a \$27 million Federally Qualified Health Center (FQHC), significantly increasing access to healthcare for men, women, and children living in the San Gabriel Valley.

ChapCare operates eight health centers – 4 in Pasadena, 1 in Monrovia, and 3 in El Monte/South El Monte. The organization provides comprehensive primary medical, dental, and behavioral health services.

In 2007, ChapCare purchased and implemented the OCHIN Epic Electronic Health Record (EHR) system. ChapCare has led the way among Southern California health centers in utilizing technology to enhance patient care. During the COVID-19 pandemic, ChapCare has continued to innovate with the implementation of telehealth services.

## Who We Serve

ChapCare services are a vital part of the healthcare safety net in the San Gabriel Valley. Our patients are predominantly low-income and uninsured individuals and families. ChapCare provides 90% of all low-cost medical visits in the Pasadena area.

Approximately 21% of ChapCare's patients are uninsured. More than 94% of our patients live at or below 200% of the Federal Poverty Guidelines (FPG), and over 87% live at or below 100% of the FPG. Two percent of ChapCare's patients are homeless.

An estimated 64% of ChapCare's patients identify as Latino and 11% as African American; 75% of our patients are from historically underserved communities.

Services are offered for those who are uninsured and underinsured on a sliding fee scale. No one is refused service based on their ability to pay.

### 2021 COMMUNITY IMPACT:

- Medical Visits – 58,000
- Dental Visits – 5,500
- Behavioral Health Visits – 4,700
- Optometry Visits – 3,700
- Substance Use Visits – 1,400
- Case Management Visits – 6,500
- Telehealth Visits – 31,000
- Total Patient Visits – 72,000
- Total Unduplicated Patients – 13,600

### COVID-19 SERVICES:

- Covid Tests\* – 101,000
  - Covid Vaccines Administered – 9,500
- Cumulative Numbers  
As of March 31, 2022.
- \*In partnership with  
OptumServe
