Help support the Pasadena Police Foundation

September 2020

Dear Chamber Member,

The Pasadena Police Foundation was founded in 1993 to enhance connectivity and involvement between the Pasadena Police Department and members of the Pasadena community. The Foundation recognized a need to raise funds for activities and programs that further Police Department goals, for which the City of Pasadena is unable to provide.

The mission of the Pasadena Police Foundation is to assist with the planning, development, implementation and support of programs and activities of the Pasadena Police Department that benefit the community. Additionally, the Foundation raises funds for outstanding programs that provide constructive interface activities between Police and local youth. The COVID-19 pandemic has had a significant impact on the education of our youth and is of great concern to many. The Pasadena Police Foundation, along with the Pasadena Police Department, has taken immediate steps to minimize the impact of this crisis by donating twenty new laptop computers to different organizations to make distant learning available to many. But there is more to be done to promote educational programs for so many others, whom are at risk of falling behind. The Foundation works to promote improvements in performance and effectiveness of the Pasadena Police Department to benefit the Pasadena community. This year, funding resources for youth educational programs are a top priority, to assist those in need of additional support during these difficult times.

You can help support our local youth by making a donation in any amount to the Pasadena Police Foundation. Your generous donation will help provide the necessary funds to sustain these programs as we move forward.

Our goal is to raise \$20,000!

Sincerely,

Gilbert Z. Mares
