THE CHARRETTE PROCESS**

HOLLYWOOD BURBANK AIRPORT HAS A

Storied History

IT'S ESSENTIAL THAT OUR COMMUNITY HELPS
WRITE THE NEXT CHAPTER OF THE AIRPORT.

CHARRETTE PROCESS

Hollywood Burbank Airport invites the community and stakeholders to join us for an interactive and iterative dialogue, also known as a charrette process. The charrette workshops are a collaborative and transparent process that will engage the community in an authentic conversation to solicit meaningful input.

The workshops will focus primarily on safety improvements, design features and amenities that the community and passengers would like to see in the replacement passenger terminal.

All members of the community who have an interest in the design of the replacement passenger terminal are encouraged to attend.

GLENDALE
PASADENA
LOS ANGELES

Details

The charrette workshop will focus on design principles and the community's vision for the replacement passenger terminal.

Each charrette will begin at 6:00 p.m. with a presentation followed by a series of interactive workshops.

It is encouraged that participants plan to stay the duration of the charrette workshop.

CAN'T MAKE IT?
