

Kitchen and Bath Experienced Designer / Sales (CA)

Company Overview

Noblessa has been a brand of excellence for high-end kitchens since 1996. For over 30 years, our premium kitchens are made in our state-of-the-art factories located in Germany, and overseen by expert craftsmen. From Dubai to Beirut, Los Angeles, Istanbul, and Prague, Noblessa has set the benchmark for high-end kitchen design around the world.

We're looking for...

an experienced Kitchen and Bath Architect/Designer to join our growing team in Pasadena and Culver City. The ideal candidate has 3-5 years relevant experience in managing Kitchen and Bath projects. He/She discuss all aspects of creating, remodelling, or updating the kitchen and bathroom area of a client's home and has expert knowledge of cabinets, appliances and building materials.

Job Duties

Assessing customer kitchen/bath project needs to design their dream kitchens and baths.
Combine sales experience with our product offerings to provide exceptional customer service.
In-home measuring and design consultations.
Utilize our design software to layout, specify and price cabinets for customer projects.
Work with project manager and contractors to ensure successful installations.
Exceptional customer service attitude skills.

Basic Qualifications

Excellent communication, problem solving, and organizational skills.
Excellent sales skills.
Ability to form strong relationships with customers.
Highly collaborative and team-oriented work style.
Positive and energetic attitude, excellent time management, record keeping and project management skills.
Must have the ability to easily learn new technical tools .

Preferred Qualifications & Education

3-5 years relevant experience in managing Kitchen and Bath projects, including working with cabinet installers.
Degree in Architecture or Interior Design preferred but not required.
Minimum of 2 years sales experience.

What we offer

We are open to a salary and/or a commissions structure.
Work remotely is possible 1 or 2 days/week.
Paid software training.
