Caltech's Beckman Institute is a multi-disciplinary research center for the chemical and biological sciences.

Welcome to Pasadena!

As Mayor, I am very proud of Pasadena and join the Pasadena Chamber of Commerce in inviting everyone—visitors, residents and workers alike—to take advantage of everything the “City of Roses” has to offer.

Pasadena has a long history of innovation, much of it on display. Opened in 1913, our gracefully curved Colorado Street Bridge remains an engineering marvel. Our City Hall is a fine example of Beaux Arts design. Our neighborhoods are filled with historic and unique homes designed by Arts and Crafts pioneers Greene

and Green as well as examples of the work of Frank Lloyd Wright, Paul Williams, Myron Hunt and others. The work of Thom Mayne, Frank Gehry and other leaders in innovative architecture can be found here, as well. Caltech is one of the leading research universities in the world. Jet Propulsion Laboratory remains the leader in unmanned space exploration. Local companies, such as Honeybee Robotics, design and build research equipment that is currently exploring the surface of Mars. Others, such as Huntington Medical Research Institutes, continue to discover breakthroughs in diagnostics and treatment.

I am very pleased to invite you to enjoy another Pasadena

innovation, the Rose Bowl Game and Rose Parade, both staged by our Tournament of Roses Association. It is a testament to our volunteer and civic spirit that Pasadena has the chance each year to show the world how to celebrate New Year’s Day.

Pasadena hosts many enjoyable activities throughout the year. Outdoor enthusiasts can visit one of our many parks and recreation facilities, or hike and camp in the San Gabriel Mountains just to the north. Those seeking fine dining and entertainment can find that and more in our vibrant downtown. Shoppers can find unique stores, top flight national brands and much more.

Pasadena is a premier California city for commercial, office, entertainment, restaurant, and retail endeavors. Our economy continues to grow and diversify. New initiatives such as Innovate Pasadena continue to focus entrepreneurs on Pasadena as a place to nurture and grow ideas. The City’s Economic Development staff, along with the Pasadena Chamber of Commerce, stands ready to assist with relocation to Pasadena, expansion within the City and advice on how to enhance your business.

Pasadena is a city that has lots to offer our businesses, residents and visitors. We are very fortunate to have a diversified business community and a strong economic base. Moreover, our cultural life is varied and engaging, our downtown is exciting and alive, and our neighborhoods are beautiful, historic and safe.

Welcome. Enjoy Pasadena.

— Bill Bogaard
Mayor, City of Pasadena

From the Pasadena Chamber Chair

This is an exciting year for Pasadena and the Pasadena Chamber.

As I write this message, we are in the midst of moving to new office space in a building we recently purchased. Though modest, we are very pleased that, once again, the Chamber has a permanent home in Pasadena.

The Pasadena Chamber is proud to be an active participant in the civic life of our great city. We work hard to ensure that Pasadena remains a vibrant, safe and exciting city for business, visitors and residents alike.

Pasadena’s unique size makes

our city a warm and inviting place for anyone who enjoys an urban setting without the stresses of the big city. You can easily walk from one of our fine hotels to nearby shopping, cultural or entertainment venues. Those who live and work in Pasadena enjoy shops, restaurants and entertainment close by. With the Gold Line light rail, anyone can easily travel from the east end of Pasadena to our downtown business districts and back, quickly and conveniently for less than it costs to park a car for two hours.

At the Pasadena Chamber we focus resources on providing strong support services for our members. We host regular networking events, provide inexpensive or free promotional and advertising opportunities,

organize informational presentations and advocate aggressively on behalf of our members.

The Pasadena Chamber of Commerce is a leader in innovation. We have the most up-to-date technological resources at our disposal. We were the first Chamber in Southern California with a mobile phone application and maintain a dynamic and interactive website and meaningful online and social media communications. Our advocacy on behalf of business has saved our members money and reduced their regulatory load.

The Pasadena Chamber of Commerce thrives as a result of the strong support of our members and our strong partnerships with the City of Pasadena, local institutions, business districts, and commercial enterprises. We also maintain very strong relationships with elected officials at the local, state and federal levels.

Involvement with the Pasadena Chamber is fun. In addition to our networking events, we host our annual Golf Tournament, Cheeseburger Week celebration and Cheeseburger Challenge, Pasadena Restaurant Week and our SIP-tember Celebration of the Cocktail and Taste of Pasadena at the Rose Bowl.

At the Pasadena Chamber of Commerce we work hard to enhance the local economy while ensuring the prosperity of our membership.

Thank you for supporting our efforts.

Pasadena...

History, Tradition, Innovation

FROM FOOD & SPORTS TO SCIENCE, ART & INDUSTRY, PASADENA HAS BEEN A LEADER IN INNOVATION...

IN THE 19th century, Pasadena was settled by Midwesterners seeking warm weather, rich soil and economic opportunity. As Pasadena grew, its founders' work ethic and entrepreneurship turned an agrarian town dependent on citrus groves into a strong and diverse economy.

On March 9, 1888, business leaders formed the Board of Trade (which became the Pasadena Chamber of Commerce and Civic Association in 1919) to represent their interests with City Hall and build a strong local economy. Less than a year later, proud Pasadenans decided to promote their fledgling city with a Rose Parade® on New Year's

Day. When the original promoters declined to stage the parade, the Board of Trade stepped in to form a community organization to take on the task.

The same entrepreneurial spirit turned Pasadena into a resort destination for vacationing Midwesterners such as chewing gum magnate Charles Wrigley. The first Busch Gardens was created on their family's estate in Pasadena. By the early 20th century, our Crown City of the Valley was a focal point for commerce and industry.

Astronomers found our night sky perfect for viewing the stars and planets and built the Mt. Wilson and Carnegie Observatories. Artists and writers discovered the beauty of the San Gabriel Mountains and the Arroyo Seco. Architects, designers and builders found a city that embraced the new, bold and daring.

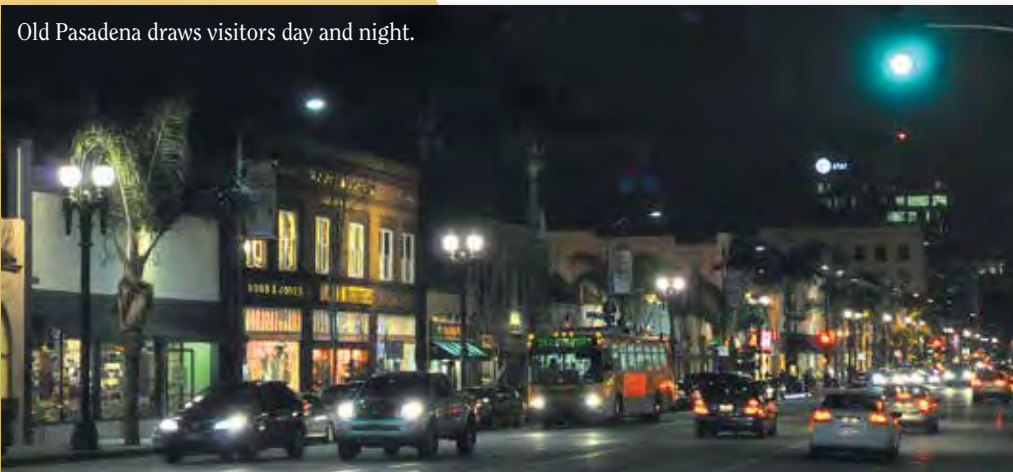

Civic pride led to the design and construction of an extraordinary civic center anchored by the 1920s Public Library, City Hall and Civic Auditorium. In the mid-1940s, Pasadena saw the completion of the Arroyo Seco Parkway (Pasadena Freeway) to downtown Los Angeles, the first freeway in Southern California.

As Pasadena's population grew, the city became a center of commerce and industry. With easy access via three freeways, Pasadena developed into a shopping destination with full service

department stores complementing local and regional retail outlets. In the 1970s, Pasadena grew as headquarters for multi-national corporations such as Parsons, Kaiser Permanente and Tetra Tech. Many Hollywood and music stars now call Pasadena home.

From food and sports to science, art and industry, Pasadena has been a leader in innovation and new technology.

Pasadena's Arroyo Seco was home to the Arts and Crafts movement on the west coast. Architects Greene and Greene, Paul Williams and Myron Hunt used Pasadena to showcase their designs. Plein Air painters frequented Pasadena's arroyo artist colony.

Opened in the 1891, Throop Polytechnic was renamed the California Institute of Technology in 1921. In 1936, Caltech "rocket boys", Frank Malina, Jack Parsons and Ed Forman successfully launched their self-built rocket in the upper Arroyo. Following World War II,

Caltech began managing the Jet Propulsion Laboratory which continues to lead exploration of our solar system.

In the early 1920s, Lionel Sternberger first served a cheeseburger to a customer while working at his father's roadside stand, The Rite Spot, in Pasadena.

Pasadenan Jackie Robinson was the first African-American player in major league baseball. His brother Mack ran a close second to Jesse Owens at the Berlin Olympics of 1936.

Pasadena was also hometown to America's first celebrity chef, Julia Child, actress Sophia Bush and rockers Van Halen. The Ice House, the first comedy club in the country, continues to amuse and entertain. Free form rock 'n roll radio in Los Angeles launched from a basement studio in the Pasadena Presbyterian Church in 1967.

KROQ-FM, which began broadcasting from a studio in the Hilton Hotel in the 1970s, remains one of the trendsetters in alternative radio. 🌹

PASADENA CELEBRATES

Millions of people around the world know Pasadena as the home of the Tournament of Roses® Parade and Rose Bowl® game. The Rose Bowl® game has been a New Year's tradition for American families for 100 years. You can find grandstand seating for the Rose Parade® at Sharp Seating. African American History month is highlighted by a parade and festival while the Latino Heritage Parade and Jamaica celebrate the contributions of people of Hispanic heritage. The annual Doo Dah Parade spoofs our New Year traditions with a haphazard display of satire and outright goofiness.

Pasadena commemorates the contribution our armed forces have made to establishing and protecting our nation with recognition events on Memorial Day and Veteran's Day. Pasadena's Fourth of July celebration and fireworks show offers the largest display of aerial pyrotechnics west of the Mississippi along with a family-oriented festival at the Rose Bowl.

PASADENA CHAMBER HISTORY

The Pasadena Chamber of Commerce was formed in 1888 as the Board of Trade. It was conceived to promote a positive business climate in Pasadena.

According to the Pasadena Community Book of 1947:

Pasadena's pioneer civic body was, from its very beginning, a tremendous factor in the commercial, governmental and cultural life of the city. In 1889, it gave support to the campaign for the establishment of a public library. It also brought about the first extensive planting of street trees. In the following year it published the first booklet on the advantages of Pasadena as a home city. In the same year it suggested a municipal water system. In 1892, it assisted in the movement for the establishment of a hospital. In 1893, it assisted in promoting an electric car line between Pasadena and Los Angeles...

... Pasadena Board of Trade in 1895 proposed the organization of a Tournament of Roses Association when the Valley Hunt Club announced it could no longer undertake to sponsor the annual event...

... In 1902 it supported bonds for a high school building... Pasadena Municipal Light Department was first considered at a Board of Trade meeting in 1907. Need of a convention hall was first stressed in 1908...

...In 1921 the Chamber gave its enthusiastic endorsement and assistance to the Community Chest plan of raising welfare and charity funds...

...In 1923 it took a prominent part in the campaign for construction of the Civic Center. When delay was encountered in the construction of the Civic Auditorium, as a part of the new center, the Chamber of Commerce persistently championed the Auditorium project...

... In more recent years (the mid1940s), the Chamber of Commerce has met with one of its greatest successes in promoting construction of the Arroyo Parkway, a project that received its first impetus many years earlier from two Pasadena Chamber presidents, T.D. Allin and D.M. Linnard."

Throughout the remainder of the 20th century, the Chamber worked to ensure Pasadena's position as the commercial and economic center of the western San Gabriel Valley. The Chamber promoted Pasadena as a corporate headquarters and was an active participant in the recruitment of companies to Pasadena, including engineering, finance, bio-technology, internet and other new technology companies.

The Chamber was a staunch supporter of bringing light rail transit to Pasadena in the 1990s, a task that was finally accomplished by the Metro Gold Line Construction Authority in 2003.

In the 21st century, the Chamber of Commerce works to expand the economic foundation of Pasadena by helping companies expand, relocate and prosper.

As the recent recession impacted our local economy, Chamber advocacy has helped businesses reduce the impact of water rate hikes, health inspection fee increases and convinced the Pasadena City Council not to raise fees and taxes, an effort that means ongoing savings to all Pasadena businesses and residents.

As a representative of greater Pasadena, the Chamber serves as a resource for information, an advocate for business and economic development and a partner in facilitating our members' prosperity.
