

We deliver for groups of 20 or more from our priced per person Catering Packages. We do not deliver a la carte or individual items although they are always available for pick up. We are not a drop and go service! Our driver will place the food out in the designated area, toss and dress your salad and garnish your food items. The food arrives to you in aluminum pans. We provide our disposable paper goods – 10 inch off white Styrofoam plate, clear plastic fork and knife and white napkin. When placing your order you will be asked for a Credit Card. We charge the card the AM of your event, not at the time of ordering.

We cater for 30 or more. When providing a full service catering our servers arrive 1 hour prior to serving time to set up a buffet style service. We request you provide 6 or 8 ft. tables the total of which is calculated based on your final guest count. We provide linens for these service tables only. Your choice is black or white or a combination of both. Our servers serve your guests for 1 ½ hours and use the remaining ½ hour to breakdown the service area and pack up any remaining food items for you. If time and service permits, our servers will work the floor and dispose of paper goods for your guests.

SFG can provide beverages for you. We can provide Pepsi products. Beverages are priced at \$1.59 per person and are portioned at 1 ¼ beverages per person. Desserts are available as well. Our decadent fudge Brownies are priced at \$1.69 per person and our Carrot Cake and Cheese Cake are priced at \$1.99 per person.

We are here and at the ready to serve! We look forward to building a business relationship with you and to WOWing you and your associates with what we do.
