Why Yoji

Building trust through integrity and performance

Yoji believes business relationships based on honesty, accountability, and proficiency builds trust and valued partnerships

No contracts – price matching – no hidden fees

Yoji offers complete end-to-end solutions with no long-term contracts and no hidden fees

Most advanced and cost-efficient technology

Yoji's full-line of phones, devices, components, and accessories are sourced from the leaders in VoIP technology, and can accommodate the most basic, to the most sophisticated, communication needs

Average cost savings up to 70%

Why pay more for less service? Get the phone system you want, at the lowest price, backed by personal, premium service

Engineer-level knowledge and experience in cloud connectivity and VoIP solutions

Yoji has been helping businesses achieve their technology and communication goals for over 25 years. We can help your company select the right system for the right price. The technology world innovates at a lightning pace - we work with you to integrate the latest performance and cost-saving advances

On-site analysis and installation

From system selection, to on-site installation, to network optimization and training, Yoji ensures your system is set-up correctly and working smoothly, with minimal disruptions along the way

Local and personal customer support – 24/7

Yoji provides unparalleled service and support. We are local and engage with our customers each step of the way to ensure successful implementation and on-going performance
