OPTIONAL Visit of Maria Taferl

Only bookable onboard

On the north bank of the Danube, just a short bus ride away, lies the most important pilgrimage site in Lower Austria: Maria Taferl. The pilgrimage basilica of the same name, the Lower Austrian national shrine of the Sorrowful Mother of God, is enthroned on a hill. The sacred building was built around a wayside shrine of the Virgin Mary. This is also the origin of the name “Maria Taferl.” According to tradition, two miraculous healings took place at this place as early as 1633. In the following years, miracles and apparitions of angels were reported again and again at this place. After visiting the pilgrimage church, you can enjoy a panoramic view of the Nibelungengau. Back in Ybbs, visit the old ship master's house, which today houses the art gallery “Atelier an der Donau.” Marvel at paintings and sculptures by artists from all over the world. You are welcome to try your hand at the printing press. The tour ends with a walk through the small alleys of the old town of Ybbs, where you can still see the wealth from earlier times.
