## DEPARTMENT OF TRANSPORTATION

[MOVING PEOPLE TO PLACES  
CONNECTIVITY]

### Traffic Reduction and Transportation Improvement Fee (TR/TIF) - 2017 Recommended

#### PURPOSE:

The update to the City of Pasadena's Traffic Reduction and Transportation Improvement Fee (TR/TIF) is designed to plan for the needs of projected future development within the City through the horizon year 2035. New development projects will pay their "fair share" of the cost of future transportation improvements. The fee anticipates and mitigates the impacts of growth on City streets by providing quality transit service, building bike and pedestrian infrastructure, and implementing intelligent transportation systems.

#### TRANSPORTATION FACILITIES NEEDS LIST:

Included in the City's Needs List are Complete Streets projects, Traffic Operations, Bike Facilities, Pedestrian Improvements, and Local Transit Improvements. Sources of the projects include the General Plan – Mobility Element, the Pasadena ITS Master Plan Framework, the Pasadena Bicycle Master Plan, the ADA Transition Plan, and Specific Plans.

## Community Meeting

Monday, May 22<sup>nd</sup>, 3pm-4pm

Pasadena Central Library  
Donald R. Wright Auditorium  
285 E Walnut Street  
Pasadena, CA 91101
