*Mayor
City of Pasadena*

As Mayor, I am pleased to join the Pasadena Chamber of Commerce in inviting visitors, residents and workers alike to take advantage of everything the City of Roses™ has to offer.

Pasadena, recently named Best Arts Town in the West™ by Sunset Magazine, is a city that delivers more – more culture, more charm and more hospitality.

Pasadena hosts countless enjoyable activities throughout the year with the grandest being the tradition of the Rose Parade and Rose Bowl Game on January 1st, staged by a volunteer Tournament of Roses Association. There is nothing like Pasadena on New Year's Day.

Pasadena offers all kinds of musical experiences, from our Pasadena Symphony, POPS, Muse/IQUE Counter-Conventional Orchestra to a summer-long series of free concerts at Levitt Pavilion in Memorial Park. Performing groups from throughout the world can be enjoyed at the Pasadena Civic Auditorium, Caltech's Beckman Auditorium, and Pasadena City College. Our Rose Bowl hosts large scale music concerts.

Those who appreciate fine arts will be delighted by Pasadena's bi-annual Art Night, museums and gardens; such as the Huntington Library Art Collections and Botanical Gardens, USC Pacific Asia Museum, Norton Simon Museum, Museum of California Art, Kidspace Children's Museum and Pasadena Museum of History. Live theatre flourishes in Pasadena with the Pasadena Playhouse, A Noise Within, Boston Court and more.

Our architecture reflects a long history of innovation. Opened in 1913, our gracefully curved Colorado Street Bridge remains an engineering marvel. Our majestic City Hall, opened in 1927, is a fine example of Beaux Arts design. Our neighborhoods, beautiful and safe, are filled with historic and unique homes designed by Arts and Crafts pioneers Greene and Greene as well as examples of the work of Frank Lloyd Wright, Paul Williams, Myron Hunt and others. The work of Thom Mayne, Frank Gehry and other leaders in innovative architecture can be found here, as well as Greene and Greene's masterpiece, The Gamble House

Pasadena has five hundred restaurants featuring cuisine from around the world. Most of these culinary treasurers can

be found within our three expansive shopping and entertainment districts, where you will also find hundreds of one-of-a-kind boutiques, national retailers and antique shops. Pasadena has a varied cultural life with sophisticated jazz clubs, comedy clubs and dancing provide a wealth of exciting night time entertainment options. Outdoor enthusiasts can visit one of our many parks and recreation facilities, or hike and camp in the San Gabriel Mountains just to the north.

Pasadena is home to California Institute of Technology, Art Center of Design, Fuller Theological Seminary, Pasadena City College, Pacific Oaks College, Carnegie Observatories and Jet Propulsion Laboratory. Pasadena has an engaged community with 1,100 non-profit organizations.

Our economy continues to grow and diversify. New initiatives such as Innovate Pasadena continue to focus entrepreneurs on Pasadena as a place to nurture and grow ideas. The City's Economic Development staff, along with the Pasadena Chamber of Commerce, stands ready to assist with relocation to Pasadena, expansion within the City and advice on how to enhance your business.

Welcome. Enjoy Pasadena.

The Gold Line light rail affords easy travel from the east end of Pasadena to our downtown business districts, downtown Los Angeles and back for less than it costs to park a car for two hours.

The Pasadena Chamber of Commerce thrives because of the support of our members and our strong partnerships. Our collaborations with the City of Pasadena, elected officials at all levels, local institutions, business districts and commercial enterprises help ensure the prosperity of our members and the local economy. We are proud to be an active participant in the civic life of our great city.

We are very pleased to be in our own building on Mentor Avenue in downtown Pasadena. After years without a permanent home, we now own a modest storefront that suits our needs and will allow for some growth.

The biggest news is our collaboration with the Pasadena Unified School District through their office of College and Careers with grant support through the Pasadena Educational Foundation. Beginning last spring, the Chamber has been working to place interns with our member companies, find classroom speakers and job shadow opportunities and support the education of students at Blair High School, Muir High School, Rose City and Pasadena High School. This is a very exciting new venture for us, and one that we intend to be ongoing. It has been going very well and we are very encouraged with the momentum we have built and the enthusiasm of the students, teachers and administrators at the schools and with the district.

At the Pasadena Chamber we direct our resources to providing strong support services for our members. We host regular networking events, provide inexpensive or free promotional and advertising opportunities and organize informational presentations. Our advocacy on behalf of business has saved our members money and reduced their regulatory load.

The Pasadena Chamber of Commerce utilizes the most up-to-date technological resources to serve our members and the public. A highly functional mobile phone application and a dynamic, interactive website provide information about the Chamber and our community. Meaningful online and social media communications help us inform members and the community.

Involvement with the Pasadena Chamber is fun. In addition to our networking events, we host an annual Golf Tournament, Cheeseburger Week celebration and Cheeseburger Challenge, Pasadena Restaurant Week and our SIP-tember Celebration of the Cocktail and Taste of Pasadena at the Rose Bowl.

At the Pasadena Chamber of Commerce we work hard to enhance prosperity of our membership and ensure the ongoing vitality of our local economy.

Thank you for supporting our efforts.

Pasadena Growth and Development

In the 19th century, Pasadena was settled by Midwesterners seeking warm weather, rich soil and prosperity. As Pasadena grew, its founders' work ethic and entrepreneurship turned an agrarian town into a strong and diverse economy. Artists, architects, writers and artisans nurtured Pasadena as the West

Coast hub of the Arts and Crafts movement in the late 19th and early 20th centuries.

At the same time, astronomers found the night sky in the local mountains perfect for viewing stars and planets and built the Mt. Wilson Observatory. Vacationing Midwesterners found Pasadena's climate to be ideal. Community pride led to the design and construction of an unparalleled Beaux Arts civic center.

After World War II, Pasadena developed as a center of commerce and industry. At the same time, Pasadena became shopping destination with department stores complementing local retailers. In the mid-1940s,

Pasadena saw the completion of the Arroyo Seco Parkway (now the Pasadena Freeway) to downtown Los Angeles, the first freeway in Southern California.

As Pasadena expanded into a suburban center, the population blossomed to more than 100,000 people. In the 1970s, aided by easy access to freeways, Pasadena became headquarters for multi-national corporations such as Parsons and Kaiser Permanente. Technology companies such as Guidance Software, Kinometrics, Honeybee Robotics and others find proximity to Caltech and Jet Propulsion Laboratory to be a tremendous asset.

A Tradition of Excellence

Pasadena is a wonderful city – for visitors, businesses and residents alike. Our size makes Pasadena a safe and inviting urban setting without the worries and hassles of a big city. Visitors, as well as those who live and work in Pasadena, enjoy shops, restaurants and entertainment within easy walking or driving distance from hotels and destinations. Our City of Roses™ has something to offer everyone.

Pasadena is alive with historic architecture. Pasadena Heritage hosts walking tours and provides information on self-guided tours. Nearby Heritage Square Museum is a collection of restored historic homes and buildings. The Pasadena Museum of History offers displays of local history and tours of the Feynes Mansion and The Gamble House, Greene and Greene's Craftsman masterpiece also hosts tours.

Visitors can also enjoy the restored downtown dining, shopping and entertainment areas of Old Pasadena and the Playhouse District. In addition to a wide variety of shopping and dining opportunities, South Lake Avenue boasts some of our more unique shopping and dining experiences. Paseo Colorado is one of the first open air mall shopping experiences in the country, while East Pasadena hosts a variety of modern shopping and dining destinations. Hastings Ranch Shopping District is located at the city's eastern gateway along Foothill Boulevard. The district offers an extensive variety of retail, from restaurants and supermarkets, to clothing and general merchandise, sporting goods and pet stores. There you will find Bowlmor Pasadena, a unique dining, bowling and entertainment extravaganza.

Leadership and Innovation

Pasadenan Jackie Robinson was the first African-American player in major league baseball. His brother Mack ran a very close second to Jesse Owens at the Berlin Olympics of 1936. Pasadena is also hometown to America's first culinary celebrity, Julia Child. It is not uncommon to glimpse television, movie and music personalities shopping, dining or just strolling around Pasadena. In the early 20th century, the first Busch Gardens was opened on the family's Pasadena estate. In 1924, teenaged Lionel Sternberger first served a cheeseburger at The Rite Spot in Pasadena. Culinary innovation continues at restaurants throughout Pasadena.

Chamber member The Ice House, the first comedy club in the country, continues to amuse and entertain. Michael Jackson first performed his moon walk" on the stage at the Pasadena Civic Auditorium. The first professional go-kart race was held in the Rose Bowl parking lots. The Rose Bowl is also the only venue to host Super Bowls, the World Cup soccer championship, Olympic soccer final, Women's World Cup final and college football national championship game.

Opened in the 1880s as a technical school, California Institute of Technology (Caltech) has been home to 31 Nobel Prize awardees. Albert Einstein made three long-term visits in the 1930s and Stephen Hawking still lectures at Caltech. Art Center College of Design is among the leading schools for fine art, commercial art and design in the nation. Fuller Theological Seminary graduates ministers who work throughout the world and Pacific Oaks College continues to train excellent educators.

In 1936, Caltech's rocket boys", Frank Malina, Jack Parsons and Ed Forman, successfully launched a self-built rocket near the current home of Jet Propulsion Laboratory whose missions explore the far reaches of space. In the last few years, Innovate Pasadena has organized the local tech community and promoted Pasadena as a technology and innovation hub.

Citywide, our restaurants serve food from around the world. From Sushi Roku and Roy's Hawaiian Fusion to Pasadena favorites El Portal and Green Street Restaurant or Colombo's Italian Steakhouse and Jazz Club in nearby Eagle Rock, diners of all tastes and budget can find something delicious.

Places to worship include All Saints Episcopal Church in downtown Pasadena, Historic First Lutheran Church in north central Pasadena and H-Rock Church in the Ambassador Auditorium.

PASADENA – AN IDEAL CLIMATE FOR BUSINESS

Probably no other city of its size is home to more internationally known businesses than Pasadena. One key reason is the highly educated workforce resulting from the presence of many renowned educational and research institutions. More than 60% of our working age population of 60,000 is employed in professional, managerial, technical, sales and clerical positions. Approximately 10% are employed in manufacturing and other light industrial companies while close to 15% are employed in the service industries. 10% of our workers are engaged in the hospitality industry.

The two largest employers in the area are the California Institute of Technology and the Jet Propulsion Laboratory. Many emerging technology-related businesses trace their roots to these institutions. Newly created office space and research facilities are attracting more technology related companies.

Other top employers include health care and research leaders Huntington Memorial Hospital, Kaiser Permanente and Huntington Medical Research Institute. Engineering and construction firms such as Parsons Corporation, Tetra Tech, Inc. and TTG, as well as financial institutions Community Bank, Western Asset Management and insurance Bolton & Company are headquartered here.

Pasadena is known throughout Southern California as a destination for shopping, dining and entertainment. Pasadena Chamber History

The Pasadena Chamber of Commerce was formed in 1888 as the Board of Trade. It was conceived to promote a positive business climate in Pasadena.

According to the Pasadena Community Book of 1947, Pasadena's pioneer civic body was, from its very beginning, a tremendous factor in the commercial, governmental and cultural life of the city. In 1889, it gave support to the campaign for the establishment of a public library. It also brought about the first extensive planting of street trees. In the following year it published the first booklet on the advantages of Pasadena as a home city. In the same year it suggested a municipal water system. In 1892, it assisted in promoting the movement for the establishment of a hospital. In 1893, it assisted in promoting an electric car line between Pasadena and Los Angeles...

... Pasadena Board of Trade in 1895 proposed the organization of a Tournament of Roses Association when the Valley Hunt Club announced it could no longer undertake to sponsor the annual event...

... In 1902 it supported bonds for a high school building...

... Pasadena Municipal Light Department was first considered at a Board of Trade meeting in 1907. Need of a convention hall was first stressed in 1908...

VISION

The Pasadena Chamber of Commerce will be recognized as an effective resource, working to support the prosperity of our members and enhancing the business climate and quality of life in Pasadena.

- We will achieve this by focusing on increasing value to our members.
- We will help our members develop and maximize their business performance.
- We will represent the best interests of our members by serving as an effective advocate.
- We will help students, displaced workers, seniors and other individuals become contributing members of Pasadena's workforce.
- We will enhance existing services using state-of-the-art technology.

Chamber worked to ensure Pasadena's position as the commercial and economic center of the western San Gabriel Valley. The Chamber promoted Pasadena as a corporate headquarters and was an active participant in the recruitment of companies to Pasadena, including engineering, finance, bio-technology, internet and other new technology companies. The Chamber was a staunch supporter of bringing light rail transit to Pasadena

financial realities and overcome terrain obstacles in the streambed below, resulting in the span's unique curved alignment. The bridge opened on December 1, 1913.)...

... It was in 1919 that the Board of Trade adopted the name of Pasadena Chamber of Commerce and Civic Association...

... In 1921 the Chamber gave its enthusiastic endorsement and assistance to the Community Chest plan of raising welfare and charity funds...

... In 1923 it took a prominent part in the campaign for construction of the Civic Center. When delay was encountered in the construction of the Civic Auditorium, as a part of the new center, the Chamber of Commerce persistently championed the Auditorium project...

... In more recent years (the mid-1940s), the Chamber of Commerce has met with one of its greatest successes in promoting construction of the Arroyo Parkway, a project that received its first impetus many years earlier from two Pasadena Chamber presidents, T.D. Allin and D.M. Linnard.

Throughout the remainder of the 20th century, the

in the 1990s, a task that was finally accomplished by the Metro Gold Line Construction Authority in 2003.

In the 21st century, the Chamber of Commerce works to expand the economic foundation of Pasadena by helping companies expand, relocate and prosper. As the recent recession impacted our local economy, Chamber advocacy has helped businesses reduce the impact of water rate hikes, health inspection fee increases and convinced the Pasadena City Council not to raise fees and taxes, an effort that means ongoing savings to all Pasadena businesses and residents.

As a representative of greater Pasadena, the Chamber serves as a resource for information, an advocate for business and economic development and a partner in facilitating our members' prosperity.
