PURPOSE

The purpose of the Party of the Century is to celebrate the life and moments of the Rose Bowl Stadium, America's Stadium, while generating support to protect, preserve, and enhance its future as a National Historic Landmark.

The Party of the Century, hosted by the Rose Bowl Legacy Foundation, will be the first and only event of its kind in the history of the Stadium. As the Stadium approaches its 100th birthday in 2022, help us celebrate the history that has had positive impact on over 100 million fans in an unprecedented way.

MISSION

The mission of the Rose Bowl Legacy Foundation is to preserve, protect and enhance the Rose Bowl Stadium's future within the Arroyo Seco by providing private funding in support of improvements within the venue and its surrounding areas through educational, community, and capital improvement initiatives
